

**The University of Tennessee at Martin WestStar Program
Madison County Leadership Session – June 16, 2025**

WestStar Class members finished up their Madison County Leadership Session with a visit to the James D. Todd Courthouse to meet with U.S. Marshal Tyreece Miller. The group got a first-hand experience of what it's like to enter through the back gates and sally port as prisoners would when they come to Court. This included security screening, prisoner elevator ride, and a look at prisoner hold cells.

The group took the seats of Grand Jurors where the process of bringing an Indictment was discussed as well as the history and duties of the U.S. Marshal Service agency. This was followed by Marshal Miller and Deputy Marshal, Dave Clarke, demonstrating how prisoners can be restrained and the different equipment used by the agency in the field.
