

Carroll County Technical Center

On Feb. 7, 2025, Criminal Justice classes were brought by Dr. John Tankersly & Dr. Nancy Cavness to understand the roles within the Court as they observed a sentencing hearing & spoke with Judge S. Thomas Anderson.

Students heard from U.S. Marshal, Tyreece Miller, about the history of the USM Service & his role as well as spoke with Blair Moore about the Grand Jury & career positions with the Clerk's Office.

Marshal Miller gave a tour of the USM Office space, including the cell block where Defendants are held. One eager student volunteered to be placed in restraints. *(Pictured above)*
