

February 17, 2026 – Carroll County Technical Center Visit

# Criminal Justice *in motion and career paths*

- Students from Dr. John Tankersley's Criminal Justice Class came to the Federal Courthouse and had a morning packed with speakers from the US Attorneys Office, a CJA panel defense attorney, U.S. Probation, career and term Law Clerks, and the U.S. Marshal's Office. They observed two hearings and heard from Magistrate Judge Jon A. York, U.S. District Judge J. Daniel Breen even joined the group for a one-on-one lunch/Q&A as well. Throughout the morning, the class learned of many career opportunities within the Court system and were given great advice towards their future educational paths.
